FRI SHARON MOFOR

As a dedicated Full Stack Developer, I bring a strong passion for continuous learning and a genuine curiosity to explore the ever-evolving world of technology. I thrive in both independent and collaborative work settings, particularly in fast-paced environments. My diverse skill set allows me to contribute effectively to the creation and enhancement of innovative solutions.

EXPERIENCE

Touko Banix Inc, Buea — *Software Developer Intern*

JUNE 2021 - SEPTEMBER 2021

- Collaboratively contributed to the creation of a School Management System currently in operation.
- Assisted in streamlining student registration processes within the application.
- Developed enhanced teamwork and communication skills during this period

Loop Technologies Ltd, Buea — *Full-stack Developer Intern*

JULY 2022 - SEPTEMBER 2022

- Interned as a Full Stack Developer, acquiring practical expertise in crafting web applications.
- Employed React, MUI, and MERN stack tools to create intuitive user interfaces and features.
- Participated in application testing and troubleshooting, ensuring peak operational efficiency.
- Worked closely with JavaScript developers and software engineers to design coherent front-end and back-end structures, as well as complementary APIs.
- Engaged collaboratively with the development team to meet project deadlines efficiently.

New Horizon Cooperative, Buea — *Software Developer*

OCTOBER 2022

Leveraged my proficiency in React and Node.js to construct a streamlined user registration platform aimed at collecting and managing user data.
